

Comment Sheet

What do you think?

The Region is now seeking public input on the proposed rapid transit system.
Which option do you prefer?

Public consultation for this project is a two-way communications process between the Region of Waterloo and affected or interested stakeholders. It provides opportunities for information exchange and for those consulted to influence decision-making.

Please provide your input
so that your views can be considered during this phase of the rapid transit project.

Thank you for your participation!
